JOINT MANAGEMENT PLAN REVIEW
Wildlife Disturbance – Motorized Personal Watercraft
DRAFT MEETING AGENDA – April 22, 2003

Elklhorn Slough National Estuarine Research Reserve
Visitor Center, 1700 Elkhorn Road, Watsonville, CA

Time	Topics and Objectives
8:00 - 8:30	**Coffee and Sign-In**
8:30 - 8:45	**Welcome and Meeting Overview** Objective: Discuss basic administrative details and briefly review the agenda.
8:45 - 9:45	**Zone Closure Criteria** Identify criteria for determining whether an MPWC zone(s) should be closed Objective: Review the list of zone closure criteria in the draft action plan.
9:45 -10:45	**Interpretive Education** Recommendations for most effective methods for informing MPWC community about MPWC restrictions and proper riding etiquette within the MBNMS. Group identification of educational materials that would benefit MPWC users when planning or conducting MPWC operations in the MBNMS. Objective: Create a list of educational approaches and the products needed to support them.
10:45 - 11:00	**Break (15 Minutes)**
11:00 - 11:30	**Enforcement** Recommendations for improving enforcement of MPWC restrictions within the MBNMS. Objective: Create a list of recommended enforcement activities to assure compliance with zone restrictions and identify agencies available and willing to assist MPWC enforcement efforts.
11:30 - 12:00	**Consensus Process** Finalize the basic WG recommendations to the SAC. Objective: Begin reviewing five strategies and action plan components discussed in previous meetings and seek consensus recommendations.
12:00- 12:30	**Lunch Break (30 Minutes)**

12:30 - 2:30	**Consensus Process** Finalize the basic WG recommendations to the SAC. Objective: Finish reviewing five strategies and action plan components discussed in previous meetings and seek consensus recommendations.
2:30 - 2:45	**Break (15 Minutes)**
2:45 - 4:45	**Phasing and Partners for Action Plan Components** Sequence strategies and activities for phased implementation. Objective: Determine the suggested order for action plan strategies and their subcomponents in case limited resources require phased or partial implementation, or there is a logical sequence of events.
4:45 - 5:00	**Wrap-Up & Next Steps**
